

LESSON 6 (Daniel 6:22)

Having been in a senior high position in Burundi Rutuna enjoyed all that comes with power of position as a high official in government. During the time of the unrest he was seized together with his family and was to be dipped in boiling oil together with his family. As he was asked to say his last prayers. His son who was a cripple sought permission from the captors to pray before being tossed into the boiling oil. No person knew what this prayer would accomplish. By the end of the prayer, the captors had changed their mind and let Rutuna go free together with all his family. He fled to Uganda and later came to Kenya as a missionary to Children Ministry. God saves His Faithful person in miraculous and mysterious ways thus revealing himself to unbelievers.

The same way God saved Daniel from the lions when he was maliciously framed by his fellow administrators and officials through amending the law. Daniel was however Faithful and honest to the King Darius and to God. The salvation of Daniel from the lions shows how God miraculously rescues his faithful servants and restores them. This also serves as a testimony to others of God whom we believe in and serve.
